BUILD A BETTER UNIFORM

Fabric is king when matching a top and bottom. For example, LAPD Navy could look slightly different depending on the fabric.

For the best color match, select a top and bottom in the same fabric. And remember, different fabrics wear and fade at different rates, too.

Call customer service at 800-296-9690 for additional guidance on building a great uniform to meet your needs.

Propper's tough-as-tacks Battle Rip® fabric blends synthetic and natural fibers in a ripstop pattern for superior color retention, durability and comfort.

All defined by **precision, durability, comfort and style.**
We don't just make the best gear out there.
We make it right.

Right to the Core.
