## ABOUT GREENLIGHT COLLECTIBLES

GreenLight Collectibles, founded in 2002, is a premier manufacturer and marketer of officially licensed, authentic model cars, replica figures, accessories and dioramas. Throughout the last sixteen years a lot has changed in the toy and collectible markets. Mergers and acquisitions, the Great Recession, a rapidly evolving China manufacturing landscape, companies folding and new companies emerging. GreenLight has evolved throughout the years from a start-up company replicating race cars and pace cars for the Indianapolis Motor Speedway to a firm focused on dynamic growth, extensive license acquisition from the biggest and best in entertainment and the acquisition of brands at opportune moments;

all while continuing to focus on our original goal of producing authentic, highly detailed replicas that would catch the eye of the collector and find their way into the homes of model car enthusiasts around the globe. In 2016 and 2017 GreenLight has been twice honored as a "Fast 25" company in the State of Indiana as one of the 25 fastest growing private companies in our region. We've been privileged to bring some of great model car brands into our company portfolio during the last several years, adding GMP, First Response Replicas, Highway 61 and Precision Miniatures, rebranded as Precision Collection, to the GreenLight stable. We're excited to see what 2018 brings with the introduction of several new and

exciting product lines – 1:64 Kings of Crunch, a new range of Monster Trucks featuring Bigfoot, USA-1 and other classic car crushers; 1:64 Down on the Farm, a new range of tractors from yesteryear; and 1:64 Estate Wagons, a new range of vintage station wagons that are bound to excite. Beyond those additions to our 1:64 scale product line we're excited to announce and develop our product offerings for The A-Team (1983-87 TV Series), Graveyard Carz (2012-Current TV Series), Michelin and BFGoodrich; the expansion of our Tokyo Torque and Running on Empty product lines into new scales; and a renewal of our rights for Pennzoil and Quaker State.

# NEW LICENSING AGREEMENTS

## THE A-TEAM HEADLINES THE LATEST NEW GREENLIGHT COLLECTIBLES LICENSE AGREEMENT WITH STEPHEN J. CANNELL PRODUCTIONS

STEPHEN J. CANNELL PRODUCTIONS, INC.

A talented man once said, "Most of my things strike to me the same theme which is not to take yourself so seriously that you can't grow." That man was Stephen J. Cannell and GreenLight Collectibles is excited to announce that their stable of products have continued to grow once again with a new agreement with Stephen J. Cannell Productions. This agreement will allow GreenLight to produce die-cast and plastic scale model vehicles with or without figures in scales such as 1:18, 1:24, 1:43 and 1:64 for television series including: The Greatest American Hero, Hunter, Riptide and fan-favorite, The A-Team.

Anyone who grew up watching TV in the 1970s, 80s or 90s knew Mr. Cannell's name and of his exciting detective series and action shows. He scripted more than 450 episodes and produced more than 1,500 episodes. One of those series included the popular show The A-Team, a show about Four Vietnam veterans, who were framed for a crime they didn't commit and helped the innocent while on the run from the military.

The show heavily revolves around time the characters spent in a 1983 GMC Vandura and it didn't take long before GreenLight immediately jumped at the opportunity to produce a die-cast version of the popular vehicle.

GreenLight also has 1:64 Hollywood Series 18 on deck and in that series the 1978 Dodge Monaco from the action-packed show Hunter will make an appearance.

## NEW GREENLIGHT PARTNERSHIP ADDS "THE TERMINATOR" TO LIST OF LICENSED PROPERTIES

# THE TERMINATOR™

GreenLight Collectibles is excited to announce its newest licensing partnership with Studiocanal who is represented by Creative Licensing Corporation for the property "The Terminator." The 1984 American science fiction action film is routinely classified as one of the greatest of all time, with famous lines like, "I'll be back" quoted to this day. With this new property, GreenLight will have the opportunity to expand its Hollywood product lines. GreenLight will not only bring the vehicles from the movie to its die-cast collection, but they will also be adding figures of the T-800 Endoskeleton and Sarah Connor to the mix.

GreenLight has a few items in the product line-up for The Terminator including:

- #44790-C 1:64 Hollywood Series 19 – The Terminator – 1977 Dodge Monaco Police
- #44810-B 1:64 Hollywood Series 21 - The Terminator – Sarah Connor's 1983 Jeep CJ-7 Renegade
- #86533 1:43 The Terminator – Sarah Connor's 1983 Jeep CJ-7 Renegade
- #19042 – 1:18 Artisan Collection – The Terminator – 1977 Dodge Monaco Metropolitan Police with 1:18 T-800 Endoskeleton Figure

"Greenlight Collectibles is no stranger to blockbuster hits and the vehicles that come with them. Adding The Terminator to your collection is a must have!" said Nick Radivan, Director of Licensing and Product Development at GreenLight.

"The cars from the original Terminator film, specifically the police cars, have become iconic and symbolic of the film. We are excited to give fans an opportunity to celebrate these vehicles through our partnership with Greenlight" said, Kim Penny, VP of Creative Licensing.

GMP-18872 GMP Shop Tool Set #1 - Gulf Oil

THE LEADER IN DIECAST REPLICAS

Georgia Marketing and Promotions, known to scale model fans everywhere as GMP, stopped producing its highly-detailed automobiles in 2011. Now, thanks to a new joint venture between

GreenLight Collectibles and Acme Trading, the GMP brand has restarted production beginning in the Fall of 2014, and premiered in early 2015.

Much to the dismay of collectors, the GMP brand ceased operation in April 2011, when funding for ongoing operations could no longer be secured through conventional channels. While the GMP brand may have been dormant for the past few years, it was never forgotten, and its enduring value prompted discussions between Acme and

GreenLight beginning in 2012. Resurrecting the brand meant GreenLight purchasing the old tooling, and with new funding in place courtesy of GreenLight, a deal was put together to make this happen. GMP models began hitting the market in early 2015.

GreenLight brings many existing licensing agreements to the table, which may allow an even broader selection of high-end die-cast products for GMP collectors!

**HWY-18009** 1953 Hudson Hornet #6  
*Barrett-Jackson Scottsdale 2017*

We're excited to announce the acquisition of Highway 61 Collectibles, a premier manufacturer of 1:18 scale die-cast model cars based in Dubuque, Iowa. The acquisition is effective immediately. The Highway 61 acquisition represents the fourth marketplace move in recent years by GreenLight after the acquisition of First Response Replicas in July 2016, the relaunch of Precision Miniatures under the Precision Collection re-brand in January 2016 and the GMP relaunch in May 2014.

"When approached with the opportunity to acquire the Highway 61 Collectibles brand and mold families in early 2016, we were excited to engage in an immediate discussion and negotiation", said Russell Hughes, GreenLight Collectibles President. "Highway 61 developed market leading, highly detailed 1:18 scale molds from 2002 until 2012, and those molds need to be available to collectors in 2017 and beyond. We'll do our best to relaunch Highway 61 with our vault of highly sought-after licenses and will utilize our design creativity to introduce some new concepts that have never been seen in high-end 1:18 scale model car offerings".

"I am extremely happy to announce the complete sale of all Highway 61 1:18 scale tools, along with all property and assets related to those tools and the product line", said Fred Ertl III, founder of Highway 61. "Die-Cast Promotions discontinued the production of these vehicles for internal reasons and it is great to see that GreenLight Collectibles will be soon be reviving these great automobile die-cast model replicas. It is a fantastic line and I am certain collectors will be excited to see some new releases through the GreenLight outlets."

# GRAVEYARD CARZ

GreenLight Collectibles is excited to announce a new licensing agreement with Graveyard Carz – an automotive reality show that focuses on restoring Chrysler muscle cars. Mark Worman and his Graveyard Carz ghouls are down to repair or restore any old vehicle as long as it is of the MOPAR mold – a Chrysler muscle car from the late 60s or early 70s. The series follows Worman in his journey to perfect run-down Detroit automobiles and completely restore them to their glory. With this new licensing deal, GreenLight will have the opportunity to bring vehicles featured in the show to the die-cast world. Director of Licensing and Product Development Nick Radivan said, “MOPAR fans can rejoice! Greenlight looks forward to showing off the remarkable restorations that Worman and his team are known for.”

Graveyard Carz is an automotive reality show focusing on restoring Chrysler muscle cars. Not only are the cars wrecked, they are beyond repair. To fix a Graveyard Car, it can't just be restored, it has to be resurrected. Even the most powerful cars can't live forever. At some point, they're cast aside, traded in, and in some cases, left for dead in a scrap heap. America is littered with the decaying frames of former muscle cars, but that's where Mark Worman and his team called the ghouls step in. On Graveyard Carz, no car is too far-gone or past its expiration date for Mark and the ghouls and they're up for any repair and restoration job, as long as it's a Chrysler muscle car or better known as a Mopar®.

# FIRST RESPONSE

1:43

**FIRST RESPONSE**  
REPLICAS.COM

First Response Replicas was created to fill a void in the 1:43 scale police vehicle market by offering models intended for the adult collector. Toy-like features often common to other police vehicle models were eliminated in favor of more authentic details. An impressive assortment of police equipment such as push bumpers, antennas, light bars, wheels and other accessories assures the collector of an authentic and highly detailed model.

# HOBBY EXCLUSIVES

GreenLight was founded as a hobby-first model car company in 2002, and beginning in 2014 started issuing 'Hobby Exclusive' branded model car items as a tribute to the long-standing dedication to providing individual hobby shops and web stores with items that cannot be found at larger retail chains. We strive to keep our items collectible, exclusive and unique for all our hobby accounts and dedicated GreenLight collectors.

Our team has continued to develop this range of hobby exclusive releases. These hobby exclusives come in a variety of scales, prices and subject matter across the entire year. Check our GreenLight B2B web store regularly for updates, sign up for our product blast or call your GreenLight Rep to learn more or to see the latest list of hobby exclusives offered by GreenLight!

# CUSTOMS & PREMIUMS

## GreenLight Custom Production Runs

GreenLight custom production runs are a great way to promote your business or event. With multiple scales, vehicle choices and packaging options, we can create the perfect item to suit your needs. Our in-house designers can take your concept and make it a reality!

*If you are interested in creating your own custom produced vehicle, please contact Jeff Nelson by phone at 317-287-0600 x106 or by email at jmn@greenlighttoys.com.*

# EVERGREENS

GreenLight understands that many items, for a variety of reasons, never go out of demand – think a Bullitt Mustang or a Gone in 60 Seconds Eleanor. We call these evergreens because just like the plants are green year round, these items are always in demand. No matter the time of year, there are requests for these evergreens from a new walk-up customer or from a collector across the world. GreenLight knows an unfilled customer request can lose a potential lifelong collector. Because of this, we strive to keep these items either in stock or within 30 days or less of new inventory. Please talk to your sales rep about the evergreens on this list and make sure your company isn't missing inventory on any key items throughout the year.
